

CCRH My Pharmacy *(Must be enrolled in CCSB's group Health Plan to use pharmacy)*

Citrus County Rural Health (CCRH) operates as a community-based, 501(c)(3) nonprofit health center dedicated to expanding access to essential healthcare services for individuals and families in underserved communities. Through the CCRH My Pharmacy program, members gain affordable access to prescription medications, cost-saving options, and personalized support designed to reduce financial barriers to care. CCRH's mission centers on advancing health equity by ensuring that every patient—regardless of insurance status or ability to pay—can obtain the medications they need to manage chronic conditions, improve health outcomes, and maintain overall well-being.

Save More on Your Prescriptions: Getting Established at CCRH

Why Join CCRH My Pharmacy?

3 Steps to Get Established

High-Cost “Brand Name” Specialty Medications

If you currently take one of the following specialty medications below or any other high-cost medications, the savings can be substantial. By becoming established with CCRH and filling these prescriptions through CCRH My Pharmacy, our health plan may save 30–40% each month on these medications. Even better, you may also benefit personally. Depending on your prescription and eligibility, your out-of-pocket cost for many of these brand-name medications may be as low as \$20 for a 30-day supply.

FOLLOW THESE STEPS TO GET ESTABLISHED:

Getting started is simple:

1. Complete the New Patient Packet. Contact Risk Management if you do not have the packet.
2. Send completed form back to care@ccrhealth.org
3. CCRH will call you to schedule an appointment
4. Meet with CCRH provider to discuss your medications and Specialists referrals

PLEASE NOTE: Getting established with CCRH does NOT require you to use them for your all of your medical visits. You may continue to use My Health Onsite Beverly Hills and Inverness for your primary care needs. Establishing with CCRH simply gives you access to prescription savings and additional options
